

Problem: *Hand-stripping is so slow but I can't justify an in-line blanker - is there a quicker way?*

Solution: Buy **KAWAHARA** and start **BLANKING!**

Kawahara TXR Blank Separator Series

- Reduces stripping headcount
- Increases productivity
- Off-line operation
- 4-5 pallets an hour fully blanked
- Strips paper, cartonboard, plastic
- Inexpensive tooling
- Quick set-up
- No operator injuries or strains
- Made in Japan
- Used worldwide
- Two sizes
